

# What Do You Do If You Find a Sharp?

Activity is appropriate for grades 3-5 and grades 6-8

This activity is designed to teach students the three steps for what to do if they find a sharp.

## Educator Instructions:

1. Select the appropriate page for your class (page 2 is for grades 3-5, and page 3 is for grades 6-8).
2. Print a copy of page 2 or 3 for each student in your class, as well as a copy of page 4 (blank Response page) for each student.
3. Have students cut out the boxes along the dotted lines on page 2 or 3.
4. Have students paste the steps in the correct order onto the blank Response page, including the step number, instruction, description (grades 6-8) and image for each step.

## Answer Key:

<b>Step 1</b>	<b>Do not touch</b>	If you see a sharp on the ground at school, in the park or anywhere else do not touch it. It may hurt you and can carry germs.	
<b>Step 2</b>	<b>Tell an adult</b>	Tell a teacher or another adult about the sharp. If there is another student with you, ask them to make sure no one touches the sharp while you go get an adult.	
<b>Step 3</b>	<b>Go back to playing</b>	Make sure to stay away from the sharp.	

# What Do You Do If You Find a Sharp?

Activity is appropriate for grades 3-5

## Instructions:

Cut out the boxes along the dotted lines. Paste the step numbers, the instructions and the images in the correct order on the Response page to show the steps for what you should do if you find a sharp.
